THE COVER

When we drive to Clear Lake in September we see this scene if we travel through Minnedosa. It's the valley of the Minnedosa River, sometimes called the Little Saskatchewan River. The picturesque stooked fields are becoming a thing of the past, but Manitoba No. 1 Northern is still the finest hard wheat in the world.

45 YEARS

MR. CHARLES L. DONNELLY

On September 7, 1915, Mr. Charles Donnelly, Assistant in the Men's Hats, joined the Company as a parcel boy, and after working at several jobs, came to his present department in 1918 and has been there since with only one or two short terms in other departments.

To celebrate his 45th anniversary his desk was attractively decorated and his department presented him with a tripod for his camera and a fountain pen. Many other gifts were given him during the day by his good friends who came to wish him well.

Mr. Donnelly was born in Harrow, England, and came to Canada as a child with his parents. He attended school in Winnipeg, starting at Machray School. He is married and has a son and daughter and a grandson of five years. Photography, both movie and still, is one of his hobbies. He also likes to fish and garden and is an avid reader. Though he has given it up in recent years, he was a bandsman most of his life being a brass instrumentalist. Mrs. Donnelly is an Eatonian, too, having worked in the Notions and Fancy Goods office before her marriage.

Mr. Donnelly's many friends and associates join in wishing him good health and happiness.

Honoured on Retire- ment

MR. DANIEL RITCHIE

Mr. Daniel Ritchie, of the Drapery Workroom, retired on Thursday, September 1, after 49 years of service with that department—a splendid record — and he leaves looking the picture of health and full of vitality.

Mr. Ritchie was born in Bonness, Scotland. He served from 1914 to 1919 in the first World War with the 16th Canadian Scottish. He is married and has three sons and one daughter and eight grandchildren. He is very active in church work at Ebenezer Gospel Hall and gives his hobby as reading.

On the occasion of his retirement his department presented him with a movie camera and the Store Drapery Department gave him the light bar to go with it. Many other gifts accumulated on his table during the morning as his many friends and well-wishers came to congratulate him. We all wish you good health and many happy years of retired ease.

25 YEARS WITH EATON'S

MR. R. S. McBRIDE

Mr. McBride, of our Port Arthur Store, is finding 1960 an eventful year. He took over the management of Port Arthur in January and on September 9 celebrated his quarter-century with the Company. The event was marked by a party in his honour on that evening at the Port Arthur Golf and Country Club, and he received many congratulatory messages from his friends and associates across the prairies.

Mr. McBride has had a varied experience. Starting in Winnipeg and taking various responsibilities in Dauphin, Medicine Hat and Moose Jaw, he was Store Manager at Medicine Hat just prior to his present appointment.

Congratulations from Winnipeg, Mr. McBride, and may good health and happiness be yours.

MR. JOHN WILLIAM BAXTER

On Friday, August 26, Mr. John William (Jack) Baxter celebrated his 25th anniversary with the Company. Jack is the Manager of the Heavy Goods Depot at Atikokan, Ontario, and has been there in that capacity since September 30, 1955, when he opened the Depot.

Mr. Baxter started with the Company in 1935 in the Paints and Wall-paper Department and joined the Army in 1941 seeing service in both Italy and Holland. He returned home a captain in 1945 and was connected with our Personnel Department for a year and then with M.O. Paints and the Store Paint Department until his transfer to Atikokan. He is married and has four sons and one daughter.

Jack says that Atikokan is his favourite place to live and that he has time and opportunity there to indulge his sports—fishing and curling. He has tentative plans for a motor trip east on his long holiday. His gift from the Company on this occasion was a handsome diamond ring. All your friends wish you success, good health and happiness, Jack.

MR. H. R. MURRAY

Mr. H. R. (Ray) Murray of the Pictures and Mirrors Department, was on a long vacation at Clear Lake when his 25th anniversary date rolled around on Friday, August 26. He celebrated on Wednesday, September 7, instead. A decorated table was loaded with gifts and his department presented him with a transistor radio. His gift from the Company was a diamond ring. Plans are being made for further celebrating when his department has all its staff back from holidays.

Mr. Murray was a member of the staff of the Electrical Department before joining the Air Force where he served in the Medical Corps. When he returned after 3½ years' service he was transferred to his present department. He is a member of the Lord Selkirk Association and a descendant of the Selkirk Settlers. His hobbies include golf, curling,

photography and reading, and he is fond of music. He is a bachelor.

Best wishes from us all, Ray, for good health, happiness and good fortune.

Honoured On His Fortieth Anniversary

MR. JOSEPH MOUARD

Mr. Joseph Mouard, of the Dispatch Department, celebrated his 40th anniversary with the Company on Tuesday, September 13. He has worked in that department all through the 40 years. EATONIANS WIN TOP GARDEN AWARDS

Mr. Dickie and his wife in their much-awarded garden

FIRST PRIZES FOR "BEAUTIFUL HOMESITE" GARDEN

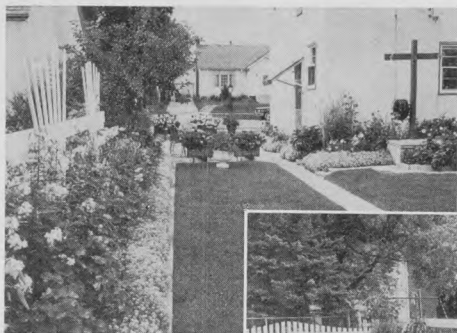

The Free Press of August 20 said, "Enjoying a cup of coffee and a few minutes of relaxation in their prize-winning garden are Mr. and Mrs. James Dickie, 282 Amherst Street, St. James, who won the provincial urban grounds competition and the Steele Briggs trophy for large urban centres." We add that Mr. Dickie is a member of the staff of the Furniture Delivery (150A) and, in addition to the honours mentioned, won another award from the St. James Horticultural Society.

Eatonians are nothing if not versatile. Congratulations to these gardeners! You inspire us all. Keep it up and may you win many awards. These were won in the annual St. James Horticultural Society competitions.

"I walked in a garden of April,
A garden surrounded by hedge;
Sweet swept by the odours of springtime
Warm washed by the sun on the edge
Of the distant blue heavens of April,
In a garden half hidden by hedge."

—Ralph B. Gustafson

MORE PRIZE GARDENS

Mr. W. E. Alkens, of the Women's Shoe Department, won his award in the "beautiful homesite" section of the St. James Horticultural Society competitions. His home and garden are at 273 Mandeville Street.

Mr. G. H. Walker, also of Women's Shoes, won in the "beautiful homesite built within the past five years" class. The address is 255 Olive Street. He was an apartment dweller until five years ago and says "You should have seen the mud-hole when we moved in."

"What a man needs in gardening is a cast iron back with a hinge in it."

—"Summer in a Garden," by Charles Dudley Warner

ABOUT JUNIOR EXECUTIVES AND JUNIOR COUNCILLORS

When our Councillors and Executives are selected in their high schools, one requirement is high scholastic ability. Year after year this is demonstrated in the awards they achieve. This is the story in part for this year:

Miss Shirley Katz, Grade 11, St. John's High School—St. John's High School Memorial Scholarship \$50.00. Governor-General's Medal. St. John's High School award for extra-curricular activities (pin). Shirley's average was 93.25.

Mr. Colin Allan, Grade 11, Gordon Bell High School—Chartered Accountants' Award. Chown Memorial Prize for History and Chemistry. School Board Prize.

Miss Judy Wolfram, Grade 11, Gordon Bell High School—Governor-General's Medal. Book Prize, \$10.00.

Miss Anne Kaminsky, Grade 12, Sisler High School—C.U.A.C. W.A. Scholarship \$100.00. All-round student. Manitoba Government Bursary \$300.00.

Mr. Gary Filmon, Grade 12, Sisler High School—H. E. Snider Scholarship, \$100.00. Queen Elizabeth Bursary, \$300.00. University of Manitoba Alumni Award, \$150.00. Manitoba Government Scholarship for Grade 12, \$50.00, a total of \$600 in scholarships.

Miss Jo-Ann Stefansson, Grade 12, Daniel McIntyre High School—Governor-General's Medal, 1959.

... And here is further news about this group of young people:

Miss Pat Wassell, Grade 12, Technical-Vocational High School, was valedictorian for her class and won two pins, one an award from the Student Council and the other a music award.

Mr. Monte Wiederhold, Grade 11, Miles Macdonnell High School, was one of two Manitobans selected to attend Civil Defence Courses at Arnprior.

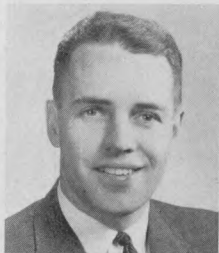

Mr. Bill Douglas, Grade 11, Elmwood High School, was selected as Junior Executive for that school, but subsequently was advised that he had won an Imperial Oil Scholarship. \$2,800.00. Naturally he is taking up the scholarship and entering first year Science at the university rather than taking Grade 12, and this has caused him to withdraw from the Junior Executive. Congratulations, Bill.

News of and for Eatonians

BOB (R. O.) ADAMS, of the Sales and Expense Office, received an award of \$100.00 in a Dominion-wide competition for the highest honours in the complete second-year course of the Canadian Credit Institute. This award is a scholarship for 1960 given by the Canadian General Electric Company and covers his fees for the third-year course which will be his final year. He was congratulated for his wonderful marks in his second-year examination. We add the congratulations and best wishes of all his associates. Good luck, Bob!

DICK HOWARD, of the Sales and Expense Office, is a second-time winner of the T. G. Murphy trophy in the Clear Lake Amateur Golf Championship competition which was completed on Friday, August 19. He won the same award in 1957. Dick tells us that the trophy itself stays at Clear Lake but he brought home a replica and a prize of a chest of silver. Congratulations, Dick, and we hope you win it again next year!

HEATHER SIGURDSON, of the Information Desk, Second Floor, and daughter of Joe Sigurdson, M.O. Salesroom, has added still another laurel to her crown by achieving the highest mark in her Grade 9 musical examination at the University of Manitoba. She will now proceed to her Grade 10 and then the Teachers' Examination in music. This constitutes the full course. She will also take 4th year Arts this year. Heather is a contralto and active in Rainbow Stage productions, her church choir, etc. What a busy, beautiful and brainy Eatonian. We're proud of you, Heather, and will be in the cheering section each time you score.

BILL ODELL, of the M.O. Budget Plan, broke into the news on his summer holidays. In the Edmonton Journal of August 5, he and his wife appear in an excellent picture covered by a news item telling about their being selected as 'tourist of the week' by the Edmonton Junior Chamber of Commerce. They received the full treatment of western hospitality for two days and had a wonderful time. Sorry we were unable to get the picture to prove it.

FINAL RESULTS IN BASEBALL

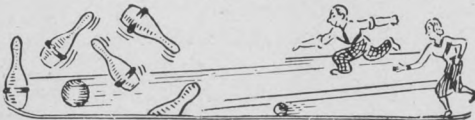

By Dan Remillard

August marked the end of a successful year of baseball for our girls and men. Our last-year champions of the girls, the Royals, beat the Cubs in a one-game semi-final to advance against the first place Jets for a two-out-of-three final. Royals took the first game but the Jets, who had a great hitting team throughout the year, came bouncing back to take the next two straight games. Congratulations to the new champions, the Jets, and better luck next year, Cubs and Royals.

Our men had quite a good year, too, playing 12 exhibition games and winning half of them. Nice work, boys!

The Baseball Banquet will be held on September 24 at the R.C.A.F. Station. Invitations will be sent out shortly.

The morning of September 1 marked a very happy ending of 49 years' service for Mr. D. Ritchie.

Mr. J. Oakden in a few words, outlined Mr. Ritchie's days with Eaton's. Having come to the Company as a young boy not long out from Scotland and worked till the first World War, he returned after the war and carried on in the same department. He has worked as outside man as well as being charge of the window shade section for many years.

Mr. Oakden presented Mr. Ritchie with a movie camera on behalf of the department. Mr. Ritchie thanked his co-workers and said they would always be remembered. He had many happy memories to take with him and would come to have coffee with us sometimes. He received many gifts from his friends.

In the evening a dinner was held at Chan's at which 50 employees from 267, 967 and 1067 gathered. Mr. E. Holmes, chairman of the evening, read wires from Mr. S. Lamprel, Mrs. A. Sewell, Mrs. M. Warnick and a letter from Mr. Ritchie's daughter, Mrs. Sack. Mr. S. Patterson, on behalf of those present, extended best wishes to Mr. and Mrs. Ritchie for their future years. Mr. H. Pilling was called on to make a presentation from the departments. Later Mr. Ritchie thanked his many friends for all their kindness and for the flowers sent to Mrs. Ritchie.

In July, 1952, he and Mrs. Liminton started off on a passenger freighter from Vancouver on a six-week voyage to Europe, and before returning in February, 1953, they visited his old home, Bristol, all the attractions of the British Isles and many of those of the Continent. It sounded wonderful and must have been. Long may you continue to enjoy your happy retirement, Limey!

EATON'S OF LONDON, ONTARIO

Taken at night of the new Eaton Store in London, Ontario. Press release dated Thursday, August 11, 1960.

"John Craig Eaton, son of President John David Eaton and Mrs. Eaton, and great-grandson of Founder Timothy Eaton, officially opened the new Eaton Store in London's Wellington Square Shopping Centre today. This brings to 62 the number of Eaton department stores in Canada. Three hundred and seventy one other retail outlets make the Company's operation the largest retail business in Canada. Twenty-three-year-old John Craig is the eldest of the four sons of Mr. and Mrs. Eaton, and the opening of the new London Store is the first at which he has officiated."

Following the completion of his formal education, Mr. John Craig Eaton became associated with and is currently in the National Mail Order and Ontario Branch Stores executive office in Toronto.

EATON WIVES' CURLING CLUB

Another season of curling is being set up and this group would like all wives of Eaton employees to know that they will be made welcome in this club. Closing date for applications is September 29. Telephone **Mrs. J. Collett, GL 2-4937** for more information.

On Friday, September 2, our latest addition to delivery service made its first run to Selkirk, the route which it will service regularly. It is the beauty you see at the right — a diesel motor truck produced by Mercedes-Benz.

This new type of truck has many virtues. It has a record of long life, low maintenance and cheaper operation. Our Garage Manager, Mr. Arnason, says it will run 25 miles on a gallon of fuel compared to 8 or 9 miles for one of our gasoline trucks. A diesel truck idles cheaply, about 24 hours on a gallon of fuel, and this is an important feature on a delivery route. We will see more of these trucks as replacements become necessary.

THEN AND NOW . . .

Maintaining delivery service is a big operation at Eaton's. The humble horse delivery did an efficient job in its day, but became finally obsolete in 1949, though most of the horses had gone long before that. We have had motor trucks of all vintages and now have a very modern fleet, but we chose a picture of one of the early ones to give perspective to our story.
